

Troop 212 Winter Camp at Tahquitz
December 14-15-16

We will meet in the parking lot Friday, the 14th, at 7:00pm. We will be traveling in Class A uniform. Plan on dressing in layers, with warm boots, and have your flashlights, jackets, hats and gloves in the car with you, because when we arrive at Camp Tahquitz it will be COLD, and there may be snow on the ground, depending on how much rain we see here in Long Beach. We are estimating the temperature to be around 30 degrees, with overnight temperatures to be in the low 20's. Daytime temps in the 40's to 50's. Once we arrive Friday evening, we will moving into our assigned cabins to stay in, but it will take some time to warm them up, depending how long it takes for the Patrol Leaders to light the wood only fire in the pot belly stoves.

If you wish to attend, please bring the money and permission slips to the meeting on Monday, December 10th. We will be cooking outdoors, Patrol Style, as usual. Food shopping will be at Stater Brothers on Thursday, December 13th. Trip cost is \$55 per person. (\$25 cabin, \$15 food, \$15 auto fuel). If there is no snow, mountain biking may be an option, so all drives need to bring their bike racks this trip. We will not be using the flat bed trailer for bikes this trip. Cabins assignments will be determined the night we collect the permission slips and money, so the Patrol Leaders will know how many to plan menus for, and we can let the Camp Ranger know well in advance. We have 5 cabins, each having the capacity of 8 for sleeping, using bunk beds, which have wood platforms, so plan on needing a foam pad or air mattress. One cabin will be assigned to the male adults and another will be assigned to the female adults, as per BSA rules. The remaining 3 cabins will be assigned to the boys. Bring money for Sunday's Lunch.

We plan to return from this trip on Sunday, about 4:00 PM. The exact time is unknown because trip return times are always influenced by things beyond our control, such as how efficient we are during Sunday pack up time, general weather conditions, and even traffic conditions. Parents not going, click on Spot from the Troop's web page for our approximate location and judge our arrival from there. We will be traveling in high country and on a road that may not be plowed, conditions may include snow or ice, so drivers please bring your tire chains this trip. Please see the troop web page for [permission slip](#), maps, [cold weather camping guide](#), and [cold weather sleeping bags](#).

Pack everything in plastic bags! We may be traveling to snow and things may get wet. Trip questions may be directed to Scoutmaster@troop212.net

Winter Gear List v1.3 rev 1/5/11

CLOTHING (As a general rule, **stay away from cotton.** Polyester, polypropene, or wool is best.)

- Warm jacket (Day high 30°f/Night low 10°f)
